TECHNICAL BULLETIN

No. TBPHP04-2021

Date: April 22, 2021

To: All Kuriyama of America Piranha Sewer Hose Customers

From: Brad Smith, Sales Manager – Piranha Hose Products
Bob Glick, Product Specialist – Piranha Hose Products

Re: Most Wood Reels replaced by Plastic Reels

Due to overwhelming price increases in wood, we are moving most sewer hose assemblies that are available on Wood Reels to Plastic Reels going forward, in an effort to minimize cost.

Current KOA Wood Reel (suffix = WR) stocked part numbers affected:

HPBU-MM12X800WR	SPOR-MM16X400WR
HPBU-MM16X500WR	SPOR-MM16X500WR
HPBU-MM16X600WR	SPOR-MM16X600WR
HPBU-MM16X800WR	SPOR-MM16X800WR

** This will be occurring as a running change. The wood reel part numbers and stock are available while supply lasts, but once depleted will be moved over to plastic reel.

New KOA Plastic Reel (suffix = PR) stocked part numbers will be:

HPBU-MM12X800PR	SPOR-MM16X400PR
HPBU-MM16X500PR	SPOR-MM16X500PR
HPBU-MM16X600PR	SPOR-MM16X600PR
HPBU-MM16X800PR	SPOR-MM16X800PR

Stocked KOA part numbers of **SPOR-MM16X900WR** & **SPOR-MM16X1000WR** (at this time) will remain on a Wood Reel.

** Wood reels will be available upon request, **but subject to a quote based on the current cost of these reels.**

As was the case prior to this announcement, an up charge of \$75 is available for customers wanting sewer assemblies on a Plastic Reel vs. Cardboard Reel.

Please continue to refer to www.kuriyama.com for our latest product, crimping and swaging data updates! If you have any questions, please consult your local Kuriyama of America, Inc. Representative or Customer Service at (847) 755-0360.
